Paradox | Seattle Stone | Colour Chart

High traffic areas (e.g. common corridors and public areas) as well as exterior parts of the house (e.g. car porch and verandahs) call for more durable tiles that can withstand the pressure of frequent footfalls and heavy objects. In this respect, White Horse porcelain tiles fit the bill perfectly. Coming in a wide array of colours and printed motifs, there's sure to be one to blend well with the immediate surroundings.

SHADE & TONALITIES

V1 UNIFORM
FROM TILE TO TILE

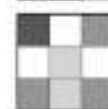

V1
Colour range and tonality within the same shade is fully uniform from tile to tile. Minimal to no difference along the face of the tile.

V2 SLIGHTLY NOTICEABLE
FROM TILE TO TILE

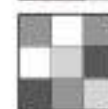

V2
Colour range and tonality within the same shade is slightly noticeable from tile to tile. Highly distinguished differences in shade or uniformity across change of circumstances.

V3 MODERATELY NOTICEABLE
FROM TILE TO TILE

V3
Colour range and tonality within the same shade is moderately noticeable from tile to tile. Highly distinguished differences in shade or uniformity.

V4 DISTINCTLY NOTICEABLE
FROM TILE TO TILE

V4
Colour range and tonality within the same shade is distinctly noticeable from tile to tile. Random colour differences from tile to tile make the possibility of unique tile compositions.

- The appearance of colours shown in this brochure is as close as the printing will allow.
- The appearance of tile features in this brochure may differ from the actual items sold.
- The pictures are only illustrative of the tile construction.
- All tiles are packed in accordance with the standard packing list. For special orders and custom sizes, the products will be custom-packed based on quality and specification requested.
- White Horse Ceramic Industries Sdn. Bhd. reserves the right to amend the colour range or specifications of tiles at any time without notice.
